“ I enjoyed working with Barbara at Southwestern Bell in Fayetteville from 1974 thru 1985. We went on breaks and lunch together everyday. I was saddened to hear that she had passed on. It had been several years since I had heard from her. God bless you and your families thru this grieving time. Keep God close to your hearts##imported-begin##Deanna Bohannan##imported-end##

“ To all the extended family of Barb McCarty. Barb was a special person and became a wonderful additon to the Broad family when she and Ron meet 23 years ago. Over the years we have all shared such special times together. Holidays and other visits. She was a very loving caring and sincere person. She loved her family and we all feel she loved ours too. She was a wonderful helpmate to Ron and we know he will be lost without her.

Thank you to Bobby and Marilyn and the rest of Barb's family who where so gracious to all of the Maine "clan." Wished we all could have meet and visited under different conditions.

“ Ron, it was good to see you, but definitely not under the circumstances. Since I heard about Barb how I have kicked myself for not getting in touch with you all when I was in Harrison for meetings. I was with some one else it always seemed, and I told myself I'll do it the next go round. Shows us we shouldn't put things off. I think about all our late night card playing games, the good times bowling and even Beau when thru my thoughts and the laughs we had with him. One thing I sat there and thought about that brought a smile to my face was when Barb threw a bad ball bowling and she would stomp that foot and be so disgusted with herself. Barb was the biggest reason I have the house I have now, if it wasn't for her encouragement and support it probably never would have happened as soon as it did. The loss of your spouse does get easier to bear. Jim has been gone for almost ten years, but I still think about him everyday, the tears still show up, just not as often. I think of something that makes me cry and then I'll think of something that makes me laugh. You never quit missing them or thinking about them. Keep in close contact with family and friends they can be very supportive. Take care of you!! JB##imported-begin##Joni Black##imported-end##

“ Robert & Linda:

*Perhaps you will remember me; Barbara and I graduated together in '65. Your mother was always so gracious to me; I spent several evenings and nights at your home; your mom's fudge was fantastic. I just saw Barbara's death notice and I'm so sorry. We had such good times together at Greenland; anytime I go through Greenland, I think of Barbara; please know that you and your entire family will be in my thoughts and prayers. I suppose the last time I saw Barbara was at our 20th class reunion; she was as warm and enthusiastic as ever.##imported-begin##Helen (Emerson) Hicks##imported-end##*
